MSP

MARTHA SCHWARTZ PARTNERS (MSP)

MSP is a Landscape Architecture design practice dedicated to creating landscapes that are beautiful and tackle the landscape's greatest challenges.

We are advocates for the planet while we help vision and build more sustainable, innovative, and equitable places around the world. Our vision demands that we push ourselves to transcend conventional thinking in pursuing this mission. With the potential to radically improve quality of life for all, our work is both exciting and complex.

We are working to achieve something new, something fresh, something unprecedented — help us build it!

Landscape Designer NY office

You will be a key member of the MSP team in New York City, working at all scales and across international boundaries. The role is tasked with making early concepts tangible, starting from deep research and synthesis, and executed in the context of iteration and ideation.

You will be a passionate proponent of landscape design.

Responsibilities will include:

- Experience on projects from schematic design to construction documentation
- Communicate design through clear graphics including diagrams, site plans, sections and renderings to convey design intent
- Knowledge of materials including planting, furnishing and hardscape
- Collaborate with a project team to refine and coordinate design deliverables
- Experience working in North America

What we expect:

- Landscape Architecture graduate – BLA or MLA
- 3-5 years' experience in design or project management for landscape architecture projects
- An ability to execute with design excellence and attention to detail
- Excellent communication, and coordination skills
- The ability to sketch/develop designs on paper and digitally
- Proficiency at AutoCAD, Rhino, and Adobe AI/PSD/INDD is required
- Ability to work across multiple projects simultaneously
- Experience in working on a variety of scales and typologies varying from master planning to site specific landscapes.

The following is a bonus, but not a requirement:

- Demonstrated Revit/Building Information Modelling (BIM) experience
- Parametric Modelling including Grasshopper
- Geographic Information Systems (GIS)
- Licensure in Landscape Architecture

Timing: Immediate

Salary: $60,000-$80,000

Please send your CV and portfolio (max 6MB) to careers@msp.world
